

My Sister's Garage

What's on your table: We're dreaming of a vintage white Christmas with crystal candlesticks, handmade linens and glam Christmas decor.

Design inspirations: Rachel Ashwell, Audrey Hepburn, and DIY ingenuity!

Entertaining style: At ease. Do the prep work before but enjoy the moment—the host sets the whole tone!

Tips for decorating: We love old Hollywood style with a twist. Be playful like our sheet music placemats and teacup ornaments and create something memorable because it stands out!
